

Parents' National Educational Union.

Central Office :—

26, VICTORIA STREET.

19th March, 1912.

DEAR MADAM,

You will have seen various announcements of the Winchester Gathering in the Parents' Review. I now enclose a full programme.

The Parents' Union School has greatly increased in numbers and it has long been felt that it was most desirable to have a gathering of the children who would then realize to what a large body they belong.

The idea has been received with great enthusiasm and we are all looking forward to very happy days at Winchester.

Children who are not members of the Parents' Union School cannot be admitted, but adults who would be interested in the proceedings are cordially invited.

Yours faithfully,

ELLEN A. PARISH.
Secretary.
